Moral Distress & Integrity

What did you learn or how will this event impact your practice?

1

- The serenity prayer inversion was helpful, and I will use that .
- Stress, distress and moral distress. understanding moral distress, integrity, and your profession.

2

- I am based in healthcare security, and this will assist in keeping both our patients and staff safe.
- I appreciate the teaching around working with integrity being a way to manage moral distress

3

- Realizing my ethics and beliefs cause me moral distress when others do not have same ethics. Not my responsibility
- Validation in my practice

4

- Integrity is the antidote to Moral distress
- Despite what the issues are operating with integrity is imperative

5

- To focus on the facts when making a moral decision and not just my beliefs
- Clarification of the terms - moral distress, etc.
- Differentiation between stress and moral distress
